

FLVC Wellness

flvcwellness.com

FLVC Wellness was a new business when we started working together, with only a few months of having their website live. They wanted to increase brand awareness and make more conversions on their website across Canada.

Hydrate,
but on a
cellular level.

215% ROAS

We ran a one-month campaign with a standard small business budget. I was able to accomplish a 215% return on ad spend. This is a high ROAS being that this is a new business and this was the first advertisement they ran.
